

Facts about the Iron Age

By Millie and Barney

Weaponary

- They used iron spearheads, short swords, arrowheads, daggers and oval shields.
- The Iron Age celts are called this because they introduced became great craftsmen, creating weapons and household objects from this metal

Caption

Hill forts 😊

- Hill forts kept tribes safe.
- Hill forts were defended settlements which made use of the natural rises in the landscape for defensive advantage
- During the Iron Age, each hill fort was home to hundreds of people.

Clothes and jewellery

- The Celts wore woolen clothes which were dyed with natural colours from berries and plants
- They made objects with a decorative art style which had lots of swirly lines, including tightly coiled spirals.

Thanks for watching 🙄
