

# 'aw', 'ough', 'au' or 'augh' Spelling Game

**Instructions:** A game for 3 people – 2 players and 1 spell checker. Decide who the players are and who the spell checker is going to be for round one (the spell checker will need the answer sheet). Both players take it in turns to roll a dice. If a player lands on a word square, they must decide on the correct spelling of the word and tell the spell checker who must then check their answer using the answer sheet. If the player chooses the correct spelling, they can roll again on their next turn. If they choose the wrong spelling, they miss a turn. The player who reaches the FINISH first is the winner.
