Statement of intent

At Browick Road Primary and Nursery School we believe that high-quality early education is vital for all children. We understand that relationships are key to best supporting our very youngest children: children thrive when they are well cared for by practitioners who put the child's experience centrally and who develop strong, respectful partnerships with parents and carers. We use our knowledge of the child to make flexible plans, following their interests, which support their language and development. We aim for them to learn through play in a carefully organised environment supported by adults to guide, teach and observe them in order to move their learning on. We aim for the children to be healthy, resilient, confident people who can reflect on their own learning. We aim for them to be able to concentrate, regulate their own behaviour and think about what they need to do next.

By establishing effective and supportive relationships with children and their families, Browick Road Primary and Nursery School aims to ensure that children feel valued as an individual and are empowered to meet their own needs. We aim for them to enjoy their learning experience whilst working towards developmental milestones and achieving the Early Learning Goals (ELGs) at the end of the Reception year. Eventually this will enable them to become successful learners throughout primary school and beyond.

6. Supporting diversity and SEND

6.1 Browick Road Primary and Nursery School values linguistic diversity and provides opportunities for children to develop and use their home language in their play and learning. This is part of the respect for each child's cultural background that is central in all Early Years provision.

6.2 Alongside support in the home language, Browick Road Primary and Nursery School provides a range of meaningful contexts in which children have opportunities to develop English.

6.3 Parents/carers requiring documents, access to services or other information in home languages may ask for further details.

6.4 Nursery staff observe children's development and progress and work closely with parents and carers to identify and support any SEND. Please see the school's SEND Policy for further details.

7. 'Progress 2' checks

7.1 The statutory EYFS framework requires us to carry out checks on children's progress and development between the age of 2 and 3. These are called 'Progress 2 checks'.

7.2 We are required to supply parents and carers with a short written summary of their child's development in the three prime areas of learning and development. These areas are: Personal, Social and Emotional Development; Communication and Language; Physical Development.

7.3 The 'Progress 2' check must identify the child's strengths and any areas where the child's progress is less than expected.

7.4 If there are significant emerging concerns or identified special educational need or disability, the child's key person will work together with the parents or carers to develop a targeted plan to support their child's future learning.

7.5 Please see our Nursery Procedures document for further information.

8. Transfer of confidential information

- 8.6 A receipt of transfer will be signed by both settings and kept on file.

9. Induction and transition

- 9.1 Transitions both into and out of EYFS are carefully planned to support children's wellbeing and to make these big early experiences as smooth as possible.
- 9.2 When moving into any stage of EYFS we establish partnerships with parents/carers to discuss individual children's interests, development and needs.
- 9.3 Parents/carers work closely with staff when their child starts in the Nursery to share information about their child. This helps establish a starting point for planning for the child's needs.
- 9.4 Parents/carers and staff will work together to establish a baseline when children start in the Nursery, using the 'prime areas of learning' (Personal, Social and Emotional Development; Communication and Language; and Physical Development).
- 9.5 Key persons will be allocated to children and an induction programme will be decided upon together; please see our Nursery Procedures document.
- 9.6 We recognise that not all children attending our Nursery will go on to the Reception class in the school, but support all children moving to other Reception settings equally.
- 9.7 We offer stay and play sessions during the beginning of the Autumn term prior to children starting Nursery and Reception to enable children to familiarise themselves with the other children, setting and staff.
- 9.8 Nursery staff communicate with schools and encourage Reception teachers to visit the Nursery in the Summer term prior to the Reception year.
- 9.9 With parental/carer permission transfer records are completed and shared with new teachers. The child's key person is responsible for completing these and they will contain information about the child's progress and development in all seven areas of learning. They also contain the child's views and information on any SEND, additional languages or family support plans. Tapestry journals may also be shared.

Appendix 3: Fire and emergency evacuation

A3.1 Browick Road Primary and Nursery School takes reasonable steps to ensure the safety of children, staff and others on the premises in the case of fire, and we have a clearly defined procedure for the emergency evacuation of our premises. All staff are responsible in identifying and preventing fire risks.

- Fire exits are clearly identifiable; fire doors are free from obstructions and easily opened from the inside.
- Fire doors will never be covered or blocked.
- We have appropriate fire detection and control equipment which are in working order and checked professionally on a yearly basis.
- Termly fire drills are carried out and logged by the school.
- Staff understand their roles and responsibilities in the event of a fire.
- Individual children will have a PEEP when needed.
- Any medication will be carried by staff.
- Procedures for evacuation/fire are known by all adults at Browick Road Primary and Nursery School. These are displayed on the noticeboard in the entrance hall and are in the Business Continuity Plan.
- In the case of a whole school evacuation, we will gather either at The Fairland Church in the short term or Robert Kett Primary School or Ashleigh Primary School & Nursery, if needed (as in line with the school's policy). Parents/carers would be informed ASAP.

A3.2 Fire policy and procedure:

- The prevention of fire is of vital importance. Most fires are caused by carelessness and ignorance. It is the responsibility of all personnel to become conversant with these instructions.
- Upon outbreak of fire the saving and preservation of life takes precedence over the salvaging of property. A member of staff's first duty is to look after the children and this will mean the evacuation of the building. No attempt should be made to fight the fire until their safety is ensured, and then without exposing any person to risk.

A3.3 Procedure in the event of a fire:

- In the event of a fire in the main school building, the alarm will sound but may not be heard in the Nursery building. Therefore a member of the office staff will call the Nursery to alert them.
- On discovery of a fire, sound the alarm or shout FIRE FIRE FIRE.
- **The teacher/HLTA/deputy** will:
 - phone 999 for fire brigade
 - children to line up by the nearest available exit door
 - walk out to the school playground
 - DO NOT stop for coats, bags, etc.
 - staff to collect children with PEEPs
 - collect register, name call and head count.

- The **HLTA/deputy** will:
 - check toilets, the office, kitchen, storeroom
 - close all windows and doors
 - proceed to assembly point on the school playground
 - DO NOT re-enter the building until advised to do so by the senior fire service officer.
 - call parents/carers/emergency numbers if necessary.
